# Regen4D™ .HA

**Created through a patented process**, our 4DHA is made up of HA in four molecular weights:

- Large molecular weight HA,
- Medium molecular weight HA,
- Sodium Acetylated Hyaluronate
- Small molecular weight HA

Each weight is developed to penetrate skin at different depths – the larger the molecule, the better the protection at the superficial skin layer; the smaller the molecule, the deeper the absorption. Sodium Acetylated Hyaluronate can help to promote high affinity and adsorption properties of HA for skin.

The Anti-Aging Collection is enriched with ANTI-WRINKLE COMPOUND PEPTIDES, SACCHAROMYCES LYSATE EXTRACT and CAFFEINE which were designed for anti-aging and glowing based on hydrating and skin cells activation. It also prevents and corrects signs of aging, reduces the appearance of fine lines and wrinkles, combats loss of firmness and lack of plumpness, restores skin vitality and radiance.

## HYDRATING MASK : 30G\*5

It can deeply hydrate and sooth your face and neck skin with the help of a nourishing serum combined with a 3D microfiber mask. After only one application, face and neck skin looks fresher, more radiant and feels softer; long term use of the 3D mask will keep the skin moisturized, smoother, and suppler.

Apply the mask on a clean face, you will only need 30 minutes before peeling it off and massaging any excess into your already-hydrated glowing face.

## KEY BENEFITS

- Full face and neck skin treatment
- Deep hydrating effect
- High concentration of active ingredients
- Suitable for all skin types

## SERUM; 1,5 G\* 30 AMPOULES

With the addition of GABA, CREATINE and PANTHENOL our serum works holistically to reduce the appearance of wrinkles and helps the skin feel immediately more lifted and defined eye contour (including eye bag area and crow's feet corners). Duration and frequency of use: once or twice a day, for 30 consecutive days.

Gently dot the serum around the eyes, in the eye bag area and crow's feet corners. Work your way from the inner corners of the eyes to the outer corners with a gentle dotting motion. Wait a minute or two for the skin to absorb the serum. Skin tone and texture visibly improved upon first use.

## KEY BENEFITS

- Smoothing skin texture
- Effectively skin lifting
- Deep hydrating effect
- High concentration of active ingredients
- Suitable for all skin types
- Suitable for daily use

## **DEEP HYDRATING EYE CREAM: 30G/1.05OZ.**

It is a lightweight cream which improves the elasticity of the skin around the eye to help prevent signs of aging, such as crows-feet, wrinkles, and fine lines.

Apply a portion smaller than a pea to the back of the hand and then to the ring fingers of both hands, so there is an equal amount for each eye. Moving from the outside of the eye inward, lightly pat the product onto the skin staying on the orbit bone. Using this cream will give your skin an ageless appeal.

## **KEY BENEFITS**

- Deep moisturizing for area around the eyes
- Keeps area around the eyes uplifted and firm
- Suitable for aging skin
- Suitable for daily use

# RegenSkin™

## **DEEP HYDRATING FACIAL CREAM: 50G/1.76 OZ.**

Our facial cream is rich in active ingredients, designed to activate skin cells activity, plumps the tissues under the fine lines and wrinkles, gets skin firm and glowing. Always apply the cream to a clean and toned face.

Apply your face cream on damp skin. Instead of taking a finger full of it, apply small spots all over your face and then smoothen it out. This way you will be able to apply the cream on every bit of your face. The exclusive formulation protects the skin cells from the damage of aging and photoaging.

## **KEY BENEFITS**

- Great moisturizer for the skin
- Reduce fine lines & wrinkles
- Protect with antioxidant
- Provide skin radiance and glow
- Suitable for aging
- Suitable for daily use
